## NEW COURT HOUSE

The suggestion of erecting a Court House on the corner of Millers and Blackshaws Roads was not favourably received by members of Altona Shire Council.

The Clerk of Courts at Williamstown has been instructed by the Crown Law Department to investigate sites for a Court House in Altona area to serve Kingsville and Altona.

The recommendation is that a site be sought in the vicinity of the intersection of Millers and Blackshaws Roads, Altona North, as there is a bus service from both directions at this corner.

The erection of a Court House in Altona is not viewed highly because everyone would have to journey to Altona and it appears it may be easier for Kingsville folk to attend at Altona North.

In supporting Cr. W. Irwin's motion that a site at the corner of Duke Street and McArthur Road be recommended Cr. Ginifer said he was shocked to think the Crown Law Department would consider building on the busy intersection where there would be no parking for the "customers."

At the site recommended by the council there would be ample parking space in nearby Borrack Square.

## Sewer In Five Years?

Plans of a sewerage scheme for the Altona Shire are actually on the drawing boards said Cr. J. J. Ginifer at the council meeting on Tuesday night. They are being worked on by the Board of Works Engineers at present.

Cr. Ginifer, the Commissioner for Altona on the Board of Works Committee, was accompanied by Cr. Dempster of Sunshine, a member of the Sewerage Committee, in a tour of Board of Works Departments to inquire into Altona's hopes of sewerage.

Cr. Ginifer said it appears that as a whole there does not seem to be a common scheme for Altona North and Altona (south of the Geelong Railway Line).

The scheme for Altona North is dependent on the completion of the Brooklyn pumping station and the Board anticipates finishing in this area within two to three years. "But," said Cr. Ginifer, "ever since I moved to Altona North the sewer has been three years away and is still three years away." But he did see people working on plans for this area.

With regards to Altona proper he saw some work on plans and drawings and a map showing the proposed sewerage scheme. The main sewer is to go down Civic Parade. The plan for this area requires quite an amount of land acquisition as five lifting stations are required. This will

take some negotiation.

The approximate cost of the scheme for Altona is £2,000,000

When Cr. Ginifer asked the perennial question "How long?" he was told they hope to complete it within five years.

"Now," said Cr. Ginifer, "we must see these drawings are proceeded with, the plans for the shire are a fact, and we must see they are not allowed to be laid aside."

## Full Time Instructor For Youth Centres

At last Tuesdays council meeting Cr. G. den Dulk suggested a full-time physical instructor be employed.

His idea is that as the council has two youth halls in the Shire a full-time instructor could organise classes at both centres and instruct both boys and girls.

These centres have cost £25,000 and the council should fully equip and obtain the maximum benefit for our youth from them said Cr. den Dulk. He moved that the cost of employing an instructor be referred to estimates.

In seconding the motion Cr. W. Cresser said he thought it a very wise move and the rest of the councillors showed their approval when they voted in favour of the motion.

## ALTONA'S PROGRESS

### TREND IN HOUSING DEVELOPEMENT

Altona's Home Building since its inception as a Shire has been dynamic rather than dramatic. Continuous progress has been made. Existing subdivided areas will suffice for some years. Provision for further extensions are under consideration. The division of Altona into the two areas—Altona North and Altona—must be accepted as a fact of life.

Population has increased from 8,000 in 1956, to over 16,000 in 1961. House building has been continuous over that time—as an approximation it can be said that over the whole period one house per day was built.

Building permits — houses garages &c., range from 400 to 500 per year. One third or less are for south of the Geelong line, the balance for Altona North. Altona North obviously being favoured because of its proximity to Sunshine and Footscray development and the Brooklyn Industrial area.

South of the line building activity is largely confined to the area near and around Grieve Highway and in Millers Road near Civic Parade, plus occasional building in the more settled streets. When these districts and substantial areas still available in Altona North are adequately developed there are certain possibilities regarding future building activities.

When the Board of Works drain from Altona Swamp is completed and the drainage of the area stabilized, a substantial section now classed as reserved residential, could be expected to become available in Millers Road.

Probably the best of the remaining land is in the vicinity of Laverton, where subdivided at an early date is a large area of relatively high land. Much of this is held by individual owners and many of the blocks are sub-standard in size. This land—at present classed as rural and as such cannot be built on.

In the south-west corner of the Shire there are large sections of reserved residential land. One large area is near the former explosives reserve.

Substantial drainage work must be a prior consideration before building activities can be contemplated in these places.

Altona's present numbers must now be round about 17,000, exceeding Werribee our parent shire with 15,000. Williamstown has approximately 33,000. If present trends continue by the end of the next decade Altona's population will have doubled.

However, with the drainage position on the way to a solution, land which can be made available will make possible an ultimate number between 50,000 or 60,000.

## Drum Band at Altona East S. S.

• The Altona East State School Drum Band photographed recently when they played their part in a mock naturalization ceremony conducted at the school by the Shire President, Cr. A. W. Bond, and Cr. S. McIntosh. See the full story of the band on Page 7.

## WORK FOR UNEMPLOYED

Approximately eight months ago the Altona Shire Council implemented a scheme for the helping of unemployed persons in the shire. The council agreed that if unemployed persons applied to the council for employment the Engineer's Department would employ them when work was available.

At Tuesdays meeting Cr. V. Irwin asked the engineer, Mr. Simmons, if he had many inquiries for work.

Mr. Simmons said there is practically no unemployment in the shire, it was certainly not a serious problem and over the last three months he had only two inquiries for work.

In reply to another question put by Cr. Hearn, Mr. Simmons said he had work available for unemployed persons.

## NO MORE WATER CUTS

When Cr. J. J. Ginifer was appointed Representative for Altona Shire with the Board of Works, council suggested he try and have himself appointed to the Sewerage Committee.

Unfortunately there are no vacancies on this committee, but Cr. Ginifer was appointed to the Water Supply Commission.

One fact of vital interest he has learnt is the opening of a new pipeline which allows water to be pumped from the Upper Yarra Dam to the Preston Reservoir and then back filled into the Yan Yean Reservoir which supplies this area.

In the past the Yan Yean Reservoir has not been filled to capacity but now the Board hopes to fill the reservoir through this pipeline. The pipeline has only been operating four to five weeks but it is already pumping around 90,000,000 gallons of water into the reservoir every day.

Although Altona Shire has not been too badly affected,

## HISTORICAL SOCIETY

Last Wednesday the Shire President, Cr. A. W. Bond, chaired a meeting of residents interested in forming a historical society in Altona.

During the meeting a number of proposed rules to form the constitution of the society were read and these rules will be distributed to interested persons for their perusal.

The next meeting of the society will be held on April 17 when the proposed rules and any alterations or additions to same will be considered and those acceptable to the persons present at this meeting will form the constitution of the society. At this meeting a committee will be formed and the society will commence operating.

this should alleviate any water shortages in the areas supplied by the Yan Yean, particularly Broadmeadows.

Recently members of the council toured the Upper Yarra Dam and O'Shannessy Reservoir areas with a view to gaining knowledge of the water reticulation scheme for the metropolitan area. Cr. A. W. Bond, Shire President, said it was an excellent day and they were very impressed with the works shown to them. At today's meeting of the water supply committee of the Board of Works it was decided to commence a water reticulation scheme in Chambers Rd., Altona North.

The scheme is to extend for 87 chains along the road and is estimated to cost £5,540.

This will bring water to two subdivisions and an industrial area through which this road passes.

## TWO MEN FINED FOR TRAFFIC OFFENCES

John Fiteni, of Boyd Street, Altona, was fined £10 for allowing a person to drive an unregistered car and £10 for having a car not covered by third party insurance. Robert J. Whitney, of Bayview Street, Altona, was fined £5 with an additional penalty of £20 for driving an unregistered car.

Constable J. Evans said he went to the scene of an accident at the corner of Melbourne Rd., and Stevedore St., Williamstown. He spoke to Whitney who was the driver of one of the cars.

First Constable A. McHale said he interviewed both defendants. Whitney told him he did not know it was unregistered, the label was damaged and unreadable.

Fiteni told him he let Whitney drive it because he had ideas on buying the car. The registration expired on December 2, 1962.

## STREET NAMES COMMITTEE TO BE FORMED

Criticism of piecemeal re-naming of streets in Altona as voiced in last week's "Altona Star" came under comment at this week's council meeting.

Cr. Bond, President, thanked the "Star" and suggested that a street names sub-committee be formed out of the General Purposes Committee, to examine and revise street names every 12 months. In the event of any alteration old established family names are to be used if possible.

This was seconded by Cr. Cresser and agreed to with the addition that Reserve names be also checked.

FOOTBALL

Preparations for our winter sport are going on apace. In a few weeks spectators will thrill to activities on the football field. The play may not be of League or Association standards. The players will be our relatives or our friends. We will be equally as thrilled by a close finish or victory snatched from defeat as in viewing a metropolitan game.

We have said that cricket is a participant sport. Football is primarily a spectator sport. Whatever personal satisfaction a player feels it is enhanced by the applause of the crowd. A player, however, must rise above personal thoughts—he must think teamwise. On the one hand his success in the first quarter might be more than eclipsed by his relapse in the last—his fortunes may fluctuate throughout the game. On the other hand if he thinks with his team his feelings will be concerned rather with its progress towards victory or defeat. A player will lose his usefulness if he allows personal applause to deter him from thoughts of his team.

Personal popularity or personal thanks is always gratifying. It is infinitively dangerous and detrimental if it becomes our aim in life and not merely incidental.

We can regard the people of our community as a team—we will then make our aim the betterment of Altona and strive to be gratified solely by its well being.

Letters TO THE EDITOR

Dear Sir,

I wonder if I could prevail upon you to publish this list in the next edition of your paper. The collection was made on behalf of the family of our late postman Mr. Jim Wallace, who was accidentally killed on duty on February 28, 1963.

Mr. McKinley, of Cyclamen Avenue, Altona North, made the collection in his own time and must be congratulated on his efforts.

The original idea of the collection was to be 6d. in each to buy wreaths, but the support was overwhelming and it was decided then to collect for the family.

I am not sure that I have not known a more popular

post man than Jim, some measure of his popularity can be gauged by the amount of support given to the appeal.

Would you also express both the thanks of the Wallace family and myself to all these good people.

Donations received on house to house collection in the following streets of Altona North Begonia Avenue, Armaranth Avenue, Delphin Avenue, Huxtable Avenue, Mahon Avenue, Valerian Avenue, Cyclamen Avenue, north side of Blackshaws Road and shopping centre. Total: £52/4/6, less wreaths: £5. Total to Mrs. Wallace: £47/4/6.

W. J. ARCHER,  
Postmaster.

Ladies Bowling Club

There was a good roll-up at the President's Day of the Altona Ladies' Bowling Club held last Tuesday. Although the weatherman decided to usher winter in on this day the rain held off long enough for the women to enjoy a keen game of bowls.

During the enjoyable afternoon tea several trophies and presentations were made and prizes for the days play were presented to the winners.

The President, Mrs. Lena Cox, after receiving a sheath of flowers announced she was presenting a trophy for annual competition between the Altona ladies and ladies of the Rosamund Club, and she hopes to see the Altona Ladies' Bowling Club engraved on it, as first winners of the trophy.

Presentation of trophies were made to the winner of the Ladies' Championship for this year, Mrs. Ruby Fisher, and to the runner-up, Mrs. Jan Douglas.

In appreciation of her work for the club Mrs. Alice Newton, the secretary, was very surprised and pleased with the gift of the pearl brooch from the ladies.

The winning rink for the day was captained by Mrs. Marj Richardson and included Miss Mary Tyquin and Mrs. Edna Marlow. Runners-up were Mrs. Edna Flynn, skipper, Mrs. Beryl Davis and Mrs. Flo McDonald.

Novelty prizes were won by Mrs. Jane McNeillage—Skipper with the lowest score;

Toucher—Mrs. Jean Cheasley;

Ditch to Ditch—Mrs. Eilwn Thomas;

Spider—Mrs. Ruby Fisher;

Tallest on Mat—Mrs. Alice Newton;

Shortest Bowl—Mrs. Beryl Davis;

Closest Bowl—Mrs. Nonie Tyquin.

Wrong Bias—Mrs. Pet McAlpine; and

Closest to Ditch—Mrs. Marj Dowdell.

During the afternoon lucky numbers were drawn and many present were delighted with the "lucky dip" prizes they received.

UNION CARBIDE AND APC IN CRICKET TEST

Brighter Cricket is not promised, only insisted upon, is the slogan for the match arranged for Saturday, March 30 between Union Carbide and Altona Petrochemical.

Supporters are advised to bring "something to sit on" as seating accommodation at Ford Reserve, Fenfield Street, where the match will be played is rather limited.

Stan Hatful will be captaining the Union Carbide side, and Graeme Rainnie, who formerly played for the New Zealand Association in Johannesburg, South Africa, will be a member of the side.

The match will commence at 1.30 p.m.

Y.C.W. WINTER SPORTS PREPARATIONS

BOYS

For the past three Mondays Y.C.W. football coach, Mr. K. Higgins, has conducted a very successful indoor gymnasium in preparation for the football season. It follows the weekly meeting and has been attended by members of the Under 15 and Under 17 teams.

It is hoped to begin outdoor training next week. Any other lads who are keen to play should contact the president, Barry O'Shannessey, 20 Bayview Street, immediately.

GIRLS

Last Sunday the second basketball team, which has been recently established by the Altona Y.C.W. Girls' Movement, journeyed to North Richmond to undergo the grading for the coming season. The outcome of this is not yet known.

The committee is delighted with the new players that it has signed and it hopes that both teams will repeat the success of last year when the original team at its first try lost the premiership by only one goal. The girls' president, Miss Pat Hartney, 19 Waratah Street, Seaholme, would like to learn of any other girls who may be interested. Both teams play on Saturday afternoon.

The Y.C.W. will follow its Record Night, the first social event for the year, with a picnic. It will be attended by members of both boys' and girls' branches. The venue is not yet finalised but it will take place on Easter Tuesday. Bus bookings may be made from next Sunday at the entrance to St. Mary's Church, after each Mass.

#### WORLD CLOCK—B-P HOUSE

In November last year, a splendid new addition to Baden-Powell House was unveiled—the World Clock presented by the British Bottlers of Coca-Cola. It consists of a five feet wide elliptical sheet of aluminium alloy engraved with a world map and mounted with eight clocks giving the time in various parts of the world. A glazed frame of polished rosewood surrounds the map.

The quarter inch plate glass is acid-embossed and gilded, and carries a Scout fleur-de-lis and the words "From all corners of the earth you have journeyed." The words are part of an address B-P made to Scouts at the Movement's "Coming of Age" Jamboree at Arrowe Park, in 1929.

The clock hands are hand-made in gold anodized aluminium. The map was fret cut from a plate of aluminium alloy and anodized to a natural satin finish after hand engraving. It is mounted forward from the face of sapele mahogany panelling, and fluorescent light filters through the thickness of the glass plate to illuminate the engraved message, the digits of each clock and a central meridian line. The light provides a soft general glow over the entire face of the map.

The gift of this clock is a gesture of goodwill which will be greatly appreciated by Scouts from all over the world. May we, on their behalf, thank the British Bottlers of Coca-Cola, and also their Mr. Longhurst, for the wish expressed on the occasion of the unveiling: "As the hours grow into days, and the days into years, may Scouting grow for evermore."

## Golf Club Elections

At the annual general meeting of the Koorngal Golf Club the following members were elected to the committee—

President, R. C. Spear; Vice-President, J. H. Howard, Jun.; Captain, F. Norton; Vice-Captain, I. D. Lang; Treasurer, D. H. Brown; Honorary Secretary, A. A. Whiffin; Committee, R. Caithness, K. Griffiths, L. J. Miller, G. V. McDiven, S. Sambell, J. F. Scown, N. W. Twentyman, and L. G. Waters; Handicapper, R. Jacobsen.

The committee has resolved and are in the process of improving both the playing area and club rooms for the comfort of all members.

Much interest is being displayed in the forthcoming pennant series for both juniors and seniors.

Last year the juniors won their section and have been elevated to a higher category. It would appear by the skill displayed at practice by both seniors and juniors that it would be quite possible for two pennants to come to the Koorngal club this season.

## Good Form Shown at Practice

### —ALTONA FOOTBALL CLUB START WELL

Training commenced at the ground last Tuesday night under the new coach Mr. Reg Featherby. Right from the start he showed he meant business by the manner in which he has taken control.

Some of the old players that have shown early season form are Mario Piovesan, Bob Combes, Malcolm Tisdale, Derek Yorke, Geoff Newman, Bill Wooding and Carl Sorrel.

M. Bannister, R. Richardson, R. Millington, who have come up from the juniors, could force their way into the senior team for the first match this season.

Of the new players I. Harris (Spotswood), and R. McCulloch (Kingsville), who are awaiting anxiously for their clearances, have shown good form. T. Fleming shows out well at practice.

It is very pleasing to see Gary Ewan, who had the unfortunate accident of breaking his ankle in a practice match early last season, return to football.

There are still a few old players who have not turned up at training as yet. The season is not far off, so what about it fellows.

A practice match will be held at the ground this Saturday, March 30, at 2 p.m. for senior and junior teams combined. Players are to bring black and white knicks and must be at the ground at 1.15 p.m.

At the meeting last Monday night J. Green and G. Fairly were elected ex-officio delegates from the senior team to the junior team.

## ALTONA DART LEAGUE NOTES

The game of darts is deservedly gaining greater and greater popularity. The reasons for this are very evident by the number of teams still wanting to affiliate with the League.

It is a game in which individual skill can be developed displayed and challenged.

Age offers no obstacle to play so that its appeal is to all. The social value of the game, therefore, cannot be over estimated.

Several teams are still required to fill Division 3. Any club interested are asked to contact the general secretary, Bob Rose, 4 Linden Street, Laverton, phone 68-0214 after 6.30 p.m. any night.

## TABLE TENNIS NEWS

Preparations are now well in hand for the start of the 1963 Winter Pennant Competition. There are one or two byes in the draw to date, so that any team or players wishing to compete at this late stage may be fitted into the competition if they apply promptly to the Secretary, Albert Walker, at 65-6836.

Committee members are reminded that the next meeting is on Monday, April 1 at the Centre, Garden Street, Williamstown. Main business will be dealing with entries for the Winter Pennant, and therefore a full attendance is desired.

### VISITOR FROM THAILAND

One of the unusual features of the S.E.A.T.O. plan has been the manner in which our Asiatic neighbours have been introduced to the ordinary Australian, not only in fields of study or industry, but also in social and everyday living.

One such visitor to our shores is Charind Buranond, a Lieutenant in the Royal Thai Navy, at present on liaison duty at the Royal Naval Dockyard, Williamstown.

While Charind's main interest lies in marine engineering and naval affairs, one of his pet recreations is table tennis, and he holds the title of singles champion of the Royal Thai Naval Academy (three times) and with a partner has twice won the doubles championship.

He met up with many table tennis players at the Dockyard, including Jack Wylie and Len McWilliam. From there he gravitated to the mecca of this sport in the west suburbs, the Centre in Garden Street, Williamstown, where he has had many enjoyable games with local players.

To date, Charind's program has been interesting and varied, and includes nine months at the Garden Island Naval Dockyard, Sydney, two months at Newcastle with B.H.P., a month at Whyalla, and now six months at the Williamstown Dockyard.

A studious type with a pleasant personality, he is married, with a wife and one son living in Bangkok.

Apart from table tennis, his hobbies include chess, snooker and draughts.

### LADIES AT TABLE TENNIS

Since Glenda Campbell and Margaret Johnson married and retired from active sport, Dulcie McGlone has been a lonely top woman player in the Western Suburbs competition.

Playing with team mates Ron Arnott and Tony Zine in Grade B1, she has had to compete against men players of very good standard, and to her credit has performed so well that her team won the semi-final and narrowly missed out in the recent final of the Summer Pennant competition.

Dulcie has won the Ladies Singles Competition of the Western Suburbs on three occasions, as well as annexing the Mixed Doubles title. A young lady with ability, charm and deportment, she sets a high standard in her sporting sphere. She plays with Automotive Components Ltd.

## KOORINGAL GOLF

Saturday's Bogey competition results are as follows—

A Grade: R. Schier, 4 up, (9).

B Grade: G. Riches, 1 up, (14), on a comeback from L. Smith, 1 up, (14).

C Grade: K. Pattison, 5 up, (26).

The highlight of the weekend was the final of the A. Walker Summer Cup, which ended in a tie between K. Pattison (26), and C. Mathieson (14). Both finished 3 up. The play off will take place on April 6.

Sunday's Stableford resulted in wins for the following players—

P. Strachan, 42 points, (24).

R. Jacobsen, 39 points, (3).

G. McDiven, 39 points, (8).

D. McLean, 39 points, (19).

Associates Bogey competition on Sunday saw the very consistent Miss. McNeal win with 4 up (28).

Next Saturday is Opening Day, so roll up members and help to make this coming season a bumper one for Koorringal.

## Local Marching Teams do well in State Championship

Highlights from the State Championships at Geelong last Sunday were the success of local teams, the weather conditions and the crowd. Teams from West Newport, Williamstown and Altona either won sections or gained places in the sections and established this area as the best in the State, a fine effort by our local girls and instructors.

Altona midgets, a girl short through injury, had to find a quick replacement, so too did Moonee Ponds juniors. West Newport came to the rescue and supplied a girl to both teams. This spontaneous co-operation between teams is the reason for the good fellowship throughout the movement.

Williamstown senior deserve a special mention as in the wet conditions they had to do the arduous march plan section twice owing to an error by officials in laying out the ground. After waiting nearly four hours for a re-run they showed their mettle by gaining better points from every judge despite the nervous tension caused by the delay.

The day commenced in drizzling rain, then became hot and sticky, and finished with the last dozen teams marching in a downpour. It produced the most trying conditions ever experienced for a State Championship.

It was very gratifying to see quite a number of local people in attendance. We thank you all for your support and hope you enjoyed the day.

West Newport Flamingoes, who are going to Sydney at Easter for the Australian Titles, made a clean sweep in the Midget Grade, taking the Championship and State Best Leader for the second year in succession. Win lose or draw in Sydney the girls are going to have a lovely holiday, they have earned it and we wish them every success.

Margaret Henwood, one of West Newport's foundation marchers, is to be married to John Mellis on Easter Saturday at Holy Trinity Church, Williamstown.

Among the events will be a contest for the champion novelty pony and junior novelty rider under 14 years. All visitors will be most welcome.

## LAVERTON FOOTBALL CLUB

An attendance of approximately 30 attended the adjourned annual meeting of the Laverton Football Club, held at the Memorial Hall, Laverton, on Wednesday, March 20.

The following office-bearers were elected for season 1963—President, Cr. F. Gibson; Vice-Presidents: Cr. B. Comben, Mr. W. Jewell; Secretary, Mr. A. Fraser; Assistant Secretary, Mr. A. Chandler; Treas., Cr. B. Comben; Coach, Mr. L. Allen.

It was decided that the Laverton Junior Football Club would be controlled by a sub-committee under the direct supervision of the senior club. Last season the juniors were run as a separate club.

The new coach for this season is Mr. Len Allen, who was appointed non-playing coach for both senior and junior teams for this season. Mr. Allen has had a great deal of experience as a player in Victorian country football, but this will be his first appointment as coach of a club.

Mr. Allen replaces former Altona player Bill Devereaux who told the meeting that he did not apply for the position this year as he thought a non-playing coach could do the club more service than a playing coach.

Training has started at the Laverton Recreation Reserve and all intending players and past players, both senior and junior, are cordially invited to attend on Tuesday and Thursday evenings.

Remember, many hands make light work.

### AIR FORCE WOMENS' ASSOCIATION

This Association is for the wives of all ranks of the members serving in the Royal Australian Air Force. The object of the Association is to raise and provide funds for the educating of children whose fathers have been killed whilst serving in the R.A.A.F.

## Briquette Dust Nuisance

Before Werribee Council last Thursday was a request by Mr. R. Baker, drawing attention to the dust from the briquette depot on railway property at Laverton.

Although he does not think the depot creates a nuisance Cr. Comben suggested the Health Inspector be asked to report on the matter. Mr. Minns, Shire Secretary, said he had already requested a report from the Health Inspector, but as yet, had not received it.

A further request by Mr. Baker for repairs to the kerbing outside his property will be carried out.

oOo

Parents, please remember the next Local Association meeting is on Monday, April 8, at 8 p.m. at Fleetwings.

## Dogs a Problem

Too many dogs are wandering and causing a nuisance in the streets of Laverton said Cr. Davis at the Werribee Council meeting last Thursday.

He said one way of controlling the dogs is to proclaim an area under the Dog Act as a shopping area. People are then only allowed to take dogs on a leash into the shopping area.

Cr. Davis said if a dog goes into a shop it is not the dog owner but the shop owner who is liable for prosecution.

Cr. Powell does not think dogs create much trouble in shops but are a bigger nuisance outside. He agreed that the dogs are "a little bit wild."

Cr. Comben asked if more attention could be given to Laverton by the Dog Inspector.

After he stressed the danger of dogs on the road to traffic the council agreed to the motion put by Cr. Davis that Lohse Street, Aviation Road and a section of Railway Avenue, Laverton, and Watton and Station Streets, Werribee, be proclaimed shopping areas. Also the Health Inspector and Dog Inspector have been been authorised to take action. A letter stating council's decision will be sent to the Laverton Progress Association who drew council's attention to the problem in Laverton.

### WERRIBEE GOLF CLUB

The Werribee Golf Club held its opening day on Sunday, March 24. The feature, Canadian Mixed Foursomes, a popular event attracted approximately 90 golfers who teed off in ideal weather.

### LAVERTON DRAINAGE

Mr. A. McCormack, Werribee Shire Engineer, reports that after a preliminary investigation it appears a satisfactory drainage scheme for Laverton can be designed.

The drain could be commenced at Skeleton Creek thence northerly along Bruce Street to a point just north of Princes Highway. From this point a branch could extend to the west beyond the Point Cook-Laverton Road and a similar branch in an easterly direction as far as High Street. Levels are being taken and the engineer is preparing plans for the drain.

## Local Player in Tennis Championships

Mrs. Meg Harrington, of 3 Railway Street, Altona, was once again selected this year to represent the Williamstown and Altona Districts in the A Grade Metropolitan tennis championships at the Kooyong Courts.

Mrs. Harrington who has been playing tennis for more than 30 years has nearly always played for the Newport Club as Altona has not always had a team in the competi-

She has been selected to represent the district at the Metropolitan championships many times and it is considered a great honour that although now in her fifties she is still winning selection

for Kooyong.

She has been club champion many times and has figured prominently in women's doubles and mixed doubles—in fact her wins are too numerous to count.

Mrs. Harrington now takes a keen interest in the junior players who play for Altona. She gives them plenty of encouragement and was very

gratified to see them win their way into the grand final of their competition.

Lately she has started to take an interest in golf and has commenced playing, so it is a case of golfers look out, here comes Meg.

But as one tennis official was overheard to say, "When Meg retires from tennis the game will have lost one of its most colourful personalities."

## DRINKING CHARGE DISMISSED

Alan Francis McLean, Petty Officer in the Royal Australian Navy was charged with driving under the influence of alcohol on January 10, 1963, and with being in charge of a motor car whilst under the influence as to be incapable of driving. He pleaded not guilty and was represented by Mr. J. Roberts.

Constable Branagan, of Williamstown, said that at 11 p.m. on January 10 he was in a Police vehicle with Const. Phenister. They were stopped by a passing motorist, and as the result of a conversation they went to Kororoit Creek Road near the Altona railway line crossing. He saw a car stationary at the side of the road with the headlight on full beam. They stopped and got out and approached the car and noticed that the driver was slumped over the steering wheel. He opened the door and saw that the driver appeared to be asleep, so shook him and told him to wake up.

The ignition was turned on but the motor was not running. The driver stirred, looked about, mumbled something and took hold of the steering wheel and started steering it. His right foot was on the accelerator pedal and he lifted it and depressed the clutch, manipulating the gear change column then placed his foot back on the accelerator. He went through the motions of changing gear twice. Const. Branagan then asked him where he was driving to. Defendant answered "Williamstown Dockyard."

He then asked him where he had been and was told, "To a friend's." His breath smelt of liquor and his speech was slurred. He told him he was not in a fit condition to drive a car and asked him to get out. Defendant put his foot on the brake, and put the gears in neutral and switched off the key. At the Police Station he was asked how many drinks he had had, and said he did not know how many but had a few.

Mr. Roberts then made a submission that no further evidence be given as defendant was not cautioned.

Sergeant Absolom, Prosecutor, said that at that stage the constable had not made up his mind to charge him.

Mr. Roberts quoted Mr. Justice Smith in that no evidence as to questioning could be given until the defendant had been charged and Mr. P. J. O'Connor upheld the submission.

Const. Branagan then said that after he had cautioned the defendant he was charged with the offences and nothing more was said by the defendant. He noticed that defendant was unsteady on his feet, his eyes were red and he appeared to be very sleepy. He visibly staggered when he was taken to the cells. When he was bailed out at 3 a.m. he was different altogether.

Const. Phenister corroborated the evidence of Const. Branagan and said the only conversation he had with the defendant at the time he was detected was when he asked him if he drove the car to that spot, and defendant said he did.

Const. J. Rennie of the Breath Analysis Section said he interviewed defendant at 11.10 p.m. and asked him how many drinks he had. Defendant said he could not say how many. He took two tests which showed .150% blood alcohol, which would require a minimum of 10 7 oz. glasses. When told that defendant said, "That would probably be right."

Mr. Roberts then submitted that no case had been given for being in charge of a motor car as unless a driver was attempting to start the car or intended to start it there was no case. In this case the defendant was asleep at the time and had to be shaken to be woken up. He apparently did the right thing in pulling over to the side of the road and going to sleep.

### NOTICE TO CORRESPONDENTS AND ADVERTISERS

To ensure publication you are requested to have all copy at this office by 5 p.m. TUESDAYS.

There was no evidence as to his driving, defendant said he drove it there, but no evidence as to when he did or what his condition was like at that time. He could have been there for months, or left the car and got drunk after driving there.

Sgt. Absolom replied that defendant had said where he had been and where he was going and went through the motions of driving the car whilst the ignition was turned on.

Mr. P. J. O'Connor, S.M., said although we have a good description of the defendant when he was discovered by the Police, no evidence as to his condition when he drove was given. He could have been all right when he drove there. Defendant gets the benefit of the doubt and the charge of driving under the influence was dismissed. On the other charge defendant was asleep with no intention of doing anything and that information was dismissed.

### FINED FOR NO LICENCE

John Gordon Hayes, of Wren Street, Altona, was fined £5 for driving without being licensed.

Const. J. Knight said he saw defendant sitting behind the wheel of a car in Maidstone Street. He said he had been to the drive-in there and had driven though he had no licence. The car belonged to his father.

oOo

### FINED FOR ALLOWING UNLICENSED DRIVER TO DRIVE

Gordon Hayes, of 1 Wren Street, Altona, was fined £5 for permitting John Gordon Hayes to drive a car knowing him to be unlicensed.

Const. Knight said he interviewed the father after picking up the son in Maidstone Street. The father said he gave his son permission to drive the car.

Mr. P. J. O'Connor, S.M., said he was giving his son a very bad example, he should teach him to respect the law not break it.

### WILLIAMSTOWN LITTLE THEATRE

Last week the Williamstown Little Theatre presented their first production for the year.

With all its thrills and chills they very successfully presented "Dracula" with each member of the cast capably handling their role.

A very convincing Count Dracula was played by Vir Foster and Mary Little in the role of Lucy Seward had the sympathy of the audience. Grahame Murphy's performance as the madman, R. M. Renfield, made you glad he was not in your own home.

Forthcoming productions will be "Ring Round the Moon," "The Same Sky," and the musical, "Ballad of Angel's Alley."

## Altona East S.S. Drum Band

The original drums, a base and two tenors, were bought from the Department of Supply in 1960, the years the school was first opened. In 1962, the Mothers' Club and School Committee spent a great deal of money in building up the band to its present strength. Four snare drums, three cymbals, a triangle, a drum major baton, and three pairs of tenor sticks were purchased.

The keenness of the boys in drumming is the basis of the band's success, and eight boys have their own drums. The full complement at present is one base, two tenors, 14 side drums, three cymbals, one triangle and one drum major, so that 22 boys play each day.

Seventy boys are trained weekly by a professional drummer, Mr. George Watson, and have learned 10 routines, including "Sports March," "Six-Eight Beat," "After Beat," and "Stick Beats."

The band plays at the morning and afternoon assemblies; for the House Marching Competition; on Education Day; and last year three drum majors participated at the Combined School Sports.

Exchange visits are held annually between the Altona East and Newport State

Schools.

Vlada Jovanovic and George Lott are the 1963 Drum Captains, whose job it is to care for and distribute the equipment, and organise lists so that each boy has turns at the various instruments.

Drumming has proved an important part in the school routine, in providing an outlet for the boys' natural desire for rhythm and noise; in teaching the need for co-operation as a team; and in establishing a settled and disciplined atmosphere for the commencement of each working session.

There is also a Recorder Band which was commenced early in 1962 by Mr. L. Davis, now at Maidstone School. Mr. R. Miller is in charge of both Drum and Recorder Bands.

This will be a bring a gift, buy a gift day, and all members and friends are invited to come along at 10 a.m., but beware, it is April Fool's Day.

The next meeting of the Branch will be held in the Church of England Hall on Monday, April 8, at 1.30 p.m.

An interesting talk and demonstration will be given on Guide Dogs for the Blind. The speaker will be Mrs. Nothing who will be accompanied by her guide dog Fanta.

Recently the Altona Branch combined with other branches in the Mitchell and Frazer groups of the Country Womens' Association for a picnic at Eastern Beach, Geelong. In all about 450 members enjoyed the perfect day and much hilarity was caused by the women taking part in competitions. One very popular contest was the football kicking competition when some of the women learned they could kick their shoes further than the football.

## ALTONA LADIES' HOCKEY CLUB

A practice match will be held at Grant Reserve on Saturday, March 30 at 2.30 p.m. All girls wishing to play hockey this season are urged to attend, as two sides are to be fielded. ## JUNIOR TREE LOVERS' LEAGUE

The Natural Resources Conservation League has done a great deal in securing the interest of adults in tree planting and preservation. In 1962 the Junior League was formed to interest children in this field and 50,000 young trees have been set aside for home planting this year by children.

Only one tree is supplied to each child, and with this he or she gets an attractive membership certificate. The total cost to each child is 1/-.

Applications for trees from Seaholme School have been completed. Sixty-four children from Grades IV, V, and VI have applied. These children will get their trees and certificates in April.

## SEVEN MIDWIVES GRADUATE

Footscray and District Hospital's enviable reputation as a training school is being maintained as evidenced by the calibre of the recent graduates from the Midwifery School.

Out of seven graduates four passed the State Examinations with distinction.

They were presented with their certificates and badges by Mr. Roy Parsons the hospital's president who wished them well for the future.

The new Sisters are—Beverley Camm, of The Patch; Janice Cole, of Albury; Elwyn Curry, of Altona; Pam Edwards, of East Keilor; Soubhagwati Lal, of Fiji; Margot Purdie, of Northcote; and Cynthia Steicke, of Swan Hill.

For Beverley and Cynthia it was goodbye to nursing for the moment, as they are both shortly to be married.

Evelyn, Pamela and Margot are off overseas to gain experience in hospitals in England and Canada, Jan is returning to N.S.W. and Soubhagwati is returning to work in the Hospital at Lautaka, Fiji.

## GUIDES AND BROWNIES

The task of training our children and fostering in them the idea of service, peace and international good will, so necessary in these times, is unfortunately left too often to "some one else."

Because of ill health and family commitments some of our Guide leaders have had to do just that, but their decision was of necessity—not choice.

If there are any busy people with big hearts in this community who would undertake the task of training for this work we would like to meet you. There must be many who in their youth received the help and fellowship of this wonderful organisation.

Anyone who loves children and has just a little time, please contact Commissioner Brookes, 37 Davies Street, Altona, 65-8892, and we will do the rest. It will be a self-sacrificing, but self-rewarding pleasure for those who do.

Would our many well-wishers please note that on the 27th April we will be having a street stall to aid building funds, and anyone who can bake a cake, make a pot of jam, sew an apron, knit a bootie or pot a plant please start now. If you let Commissioner Brookes know it will be collected. Or phone 65-8653.

Also, please save your waste paper and rags. They are a great help to the Guides.

Used stamps may still be left at Mr. Hogan's (butcher) shop to aid crippled Guides.

On Thursday, March 28, at 1 p.m. Mrs. Keeshan, of 69 David Street, Altona, is having a card afternoon.

In June the dog society is having a competition in Grant Reserve and donating all the proceeds to our building fund. We could do with more people like that.

Joy Rosling's afternoon on Saturday last resulted in nearly £7. The youngsters, bless them, are a grand bunch.

## Cooking with Cheese

Cheese is an extremely nutritious food, high in protein, vitamin and mineral content. It can be prepared in a number of ways—on sandwiches, in jaffles, salads, or cooked on toast. This week I am suggesting some variations on the main cheese recipes, as well as the old favourite, cheese souffle.

Any souffle is very "fiddly" to prepare, but this one is surely worth the trouble. The addition of the onion greatly enhances the delicious cheese flavour. One extremely unusual recipe is the Cheese Bananas. The combination of banana, ham and cheese is really different and I am sure this will become a favourite recipe.

A flavoursome old Italian recipe, Veal Escalopes with cheese, is quick and simple to prepare, and ideal for a small dinner party.

Delicious eaten hot or cold, the cucumber and cheese pie is a very tasty dish. The unusual cucumber flavour makes this pie—not only delicious, but different too.

### CHEESE SOUFFLE

- 1 and 2/3rd cups (one 14 1/2 oz. can) undiluted evaporated milk
- 1/2 teaspoon salt
- 1 1/2 teaspoons dry mustard
- 1 teaspoon grated onion
- 5 egg yolks
- 2 tablespoons flour
- 5 egg whites
- 1/2 teaspoon cream of tartar

Prepare 2 quart souffle dish or round casserole by pinning a band of aluminium foil around the outside of it, extending 2" above it. Heat evaporated milk in a double saucepan to just below boiling point (about 2 minutes). Add cheese, salt, mustard and onion and continue to stir until cheese melts (about 1 to 2 minutes longer). Beat egg yolks and blend in flour. Add small amount of hot cheese sauce to egg yolks. Mix well. Slowly return egg yolks to cheese sauce, stirring constantly. Cook over water until sauce thickens (2 minutes) stirring constantly. Beat egg whites with the cream of tartar until the whites stand in stiff peaks. Gently fold cheese mixture into egg whites. Pour into dish which has been well greased. Place in a pan of hot water and bake in a moderate oven 350°F. for 50 minutes. Remove foil and bake 10 minutes longer until golden brown. Serve at once. Serves six.

### CHEESE BANANAS

- 8 bananas
  - 8 slices lean ham
  - 1/2 pint cheese sauce
- Peel 8 not too ripe bananas and wrap lean pieces of ham round each. Place in greased casserole. Pour cheese sauce over bananas and bake in a moderate oven for 1 hour. Serve with French salad. Serves four.

### CHEESE SAUCE

- 2/3rds cup undiluted evaporated milk
  - 1/2 cup grated processed cheese
  - Salt
  - Cayenne pepper
  - 1 dessertspoon lemon juice
- Heat evaporated milk in small saucepan over low heat until small bubbles appear around edge of pan. Blend in the grated cheese, salt, cayenne and lemon juice. Heat again for 1 minute, stirring constantly.

### VEAL ESCALOPE WITH CHEESE

- 4 thin veal slices
- 1 egg
- 2 tablespoons flour
- 6 tablespoons finely grated cheddar or parmesan cheese
- 1 tablespoon butter

- 1 pint meat stock
- 3 tablespoons sherry
- Lemon rings and parsley to garnish

Dip veal slices in beaten egg and coat with a mixture of the flour and grated cheese. Melt butter and fry veal until cooked (about 10 minutes). Arrange on serving dish. Add sherry and meat stock to frying pan. Blend and bring to boil. Pour over veal and garnish with lemon and parsley. Serve with broccoli. Drink red Italian chianti with this meal. Serves four.

### CUCUMBER AND CHEESE PIE

- 6 oz. shortcrust pastry
- 2 eggs
- 6 oz. grated Cheddar cheese
- 1/2 teaspoon salt
- pinch cayenne
- Pinch nutmeg
- 2 tablespoons grated cucumber
- 1 small grated onion
- 1 cup undiluted evaporated milk
- 1/2 cup water
- 1 tablespoon melted butter

Line a deep 9" pie dish with pastry. Beat egg and mix in cheese, salt, cayenne, nutmeg, cucumber, onion, milk, water and melted butter. Pour mixture in pastry shell and bake at 400°F. for 10 minutes and then reduce temperature to 350°F. and bake for a further 30 minutes or until custard sets. Serve either hot or cold. Serves six to eight. Two tablespoons of finely chopped ham or bacon makes this pie even more delicious.

## ST. JOHN AMBULANCE BRIGADE

Cr. G. den Dulk is very impressed with the work of the St. John Ambulance Brigade in this district.

He said twice recently he has unexpectedly called in to their meetings and has been surprised at the number of persons present. At one of the meetings there were 40-50 junior members receiving instruction.

He said he had no idea that there were so many industrial employees learning first-aid and he thought it very fine of the St. John Ambulance Brigade to conduct these courses.

Cr. den Dulk said it seems a very quiet organisation who do not advertise their work but they are doing extremely well.

## HOUSEKEEPING COSTS

How much does it cost to run your home? Do you, husbands and wives, argue about the housekeeping money?

In most households father presents his pay packet to mother and she administers the family budget, as many men have observed that it is hard enough to earn enough money to keep a family but it is harder still to spend it wisely.

The economists with years of University training behind them find it difficult to plan the National Budget and we all suffer from the effects should they make a mistake, but mothers are expected to be able to plan the family budget without making too many mistakes.

How would you like to work out the budget for the districts biggest "household"—the Footscray and District Hospital?

With over 700 in the "family" to feed, the annual bill for provisions is £47,000 and the wages for the domestic "help" £72,000, over 400,000 meals to prepare, and 400 tons of linen to be laundered annually. In most households these are jobs for mothers whilst father looks after the outside jobs. In this "household" father would be busy too with 3 1/2 acres of lawn to cut and an acre of gardens to tend.

After finishing outside he would be kept busy stoking the boilers which have an annual briquette consumption of 2,100 tons.

## ARE YOU A RETURNED SERVICEMAN (OR WOMAN)? IF SO—HAVE YOU A CHILD (OR CHILDREN)?

If the answer to both questions is "Yes," your child (or children) may be given a thorough medical examination FREE at the R.S.L. Children's Health Bureau, Anzac House, 4 Collins Street, Melbourne.

The Bureau does not provide treatment, but supplies the services of a trained staff to discuss with you the health of your child, and should the Medical Officer find any condition—latent or active—for which treatment may be advisable—suggest how such treatment may be obtained.

### APPOINTMENT AND PROCEDURE

A trained nursing staff will place on record the medical history of the child. Height, weight, head and chest measurements are recorded, hearing and eyesight tested, and specimen of urine examined.

The Medical Officer will make a thorough medical examination and tell you of any condition—latent or active—needing treatment or vigilance.

From then on, the Bureau will maintain an interest in your child, with periodical checks as required.

Further, the staff will discuss with you any child problem, including behaviour and adjustment difficulties—problems that arise from time to time in most families.
